Session 2: Discipleship Wheel

Session 3: Front Doors of  
Church

Session 4: Life on Mission

DARYL CRIPE

Daryl has had the privilege of serving on the executive leadership teams of three large, missionally-focused churches in the Indianapolis area, leading large staff and volunteer teams over areas of Creative Arts, Worship, Production, First Impressions & communications.

Daryl has had the honor of partnering with hundreds of churches of all sizes, denominations, styles, rural/urban, and missional health/unhealth throughout the US as well as with churches in Germany, Turkey, Greece, Austria, and Canada. Daryl's passion is to see church leadership teams be intentional in their pursuit of bringing one more person into a personal relationship with Jesus and discipling their congregations into a faith that is actually lived out, in culture, where they live, work, learn, and play.

He serves on the lead team at Amplio.Group, a group of ministry guys and gals partnering with hundreds of churches to purposefully move the Biblical mission forward.
